Verse 1

I'm a businessman baby,
My life is so crazy.
I work all day long,
Then I drink and worry all damn night.

Verse 2

I'm a businessman baby,
My mind is so hazy.
I can't figure out,
What the hell I'm going to do.

CHORUS A:

I work all day ... I drink all night,
I can't figure out – what's wrong or right.

Verse 3

I'm a businessman baby,
My wife is so lazy.
She won't get a job,
Then she bitches that she can't have it all!

Verse 4

I'm a businessman baby,
I don't know – just maybe,

It's time for me now ...
To run off to Mexico!

CHORUS B:

I could hop a train ... I could take a plane,
I wanna run away – at least til Monday morning nine A.M.

BRIDGE

Verse 5

I'm a businessman baby,
My life is so crazy.
I don't make enough,
To even buy a new pair of shoes!

CHORUS C:

My mind's a mess ... I'm so depressed,
I hate my job – but the money keeps me crawling back.
I work all day ... I drink all night,
I can't figure out – what's wrong or right.
I feel the pain ... it's driving me insane.
I wanna run away – at least til Monday morning nine A.M.
