Verse 1

Open up ... Experience, Let your life be fun.
Get tickled by rainbows, And kissed by the sun.
It's your choice to choose it, So choose it this way -
Open up ... Experience, Embrace the day!

Verse 2

Awaken ... each morning, A new day to start.
Choose sharing the kindness That shines from your heart.
Choose caring for others, It's better that way -
Awaken ... each morning, Embrace the day!

CHORUS

Embrace the day, In your own way.
Life's meant to Celebrate, So, let's not hesitate -
Embrace the day!

Verse 3

Cherish your loved ones, Your family and friends.
There's no way of knowing When their lives will end.
So, tell them you love them, And, tell them today -

Cherish your loved ones, Embrace the day!

CHORUS

Embrace the day, In your own way.

Life's meant to Celebrate, So, let's not hesitate -

Embrace the day!
