### Verse 1

I'm a long way from home this Christmastime,  
Such a long way away this year.  
So I'm sending my love in this special song -  
Sending all my Christmas cheer.

### Verse 2

But, here I am in this distant land.  
There's nothing left for me to do.  
I'm a long way from home this Christmastime,  
Sending all my love to you.

### CHORUS

I am with you - though far apart.  
I am with you - within your heart.  
It's my love that brings me there,  
For love is everywhere,  
My love is there to share with you -  
Merry Christmas... Happy New Year, too.

### Verse 3

I miss you so much this Christmastime.

I so want to be right there!

Holding you tight with great delight,

Delightful times that we share.

### Verse 4

But, here I am in this distant land.

No fun to be here all alone.

I miss you so much this Christmastime

Wishing I could be back home.

### CHORUS

I am with you - though far apart.

I am with you - within your heart.

It's my love that brings me there,

For love is everywhere,

My love is there to share with you -

Merry Christmas... Happy New Year, too.

### Verse 5

I'm a long way from home this Christmastime,

Such a long way away this year.

I'm dreaming of you in this special song -  
Dreaming dreams that you are here.

### CHORUS

I am with you - though far apart.

I am with you - within your heart.

It's my love that brings me there,

For love is everywhere,

My love is there to share with you -

Merry Christmas... Happy New Year, too.
