

Lyrics

Runnin' With The Sun

©2004 Michael Thiele /
Mark Peltier-Robson

Verse 1

When I was a youngster, my life was just a dream,
Enjoying nature's wonders as I wandered by the stream.
Spend my time in search of some fantastic fun,
New faces, new places – good times all are one.

Verse 2

Now my childhood's over, my dreams are not fulfilled.
Nature still beckons me, but my answer has been stilled.
Yes, my time is wasted on work I cannot stand -
Boring days, lonely nights – and no one to hold my hand.

CHORUS

I want to run and play - fly kites all day
Just havin' fun, singing in the sun
With a song of joy, from the little boy
Trapped inside my head - Runnin' with the Sun.

Verse 3

Then one day she came to me and whispered soft and low
Live your life with all your heart, but never let me go.

With the love that we will share our dreams will all come true.
A new life, a new love, a childhood for me and you.

CHORUS

I want to run and play - fly kites all day
Just havin' fun, singing in the sun
With a song of joy, from the little boy
Trapped inside my head - Runnin' with the Sun.

Verse 4

Listen to my warning of what my love did say
This world would be a better place, to live, to love and play.
So listen well my troubled friends and you will find it so -
A happy heart, a carefree mind helps world peace to grow.

CHORUS

I want to run and play - fly kites all day
Just havin' fun, singing in the sun
With a song of joy, from the little boy
Trapped inside my head - Runnin' with the Sun.

CHORUS

I want to run and play - fly kites all day

Just havin' fun, singing in the sun
With a song of joy, from the little boy
Trapped inside my head - Runnin' with the Sun.

Runnin' with the sun...

Runnin' with the sun...

Runnin' with the sun...

Here comes the sun
