Utopia

Verse 1

There is a place, for the human race
Walking hand-in-hand, through this wonderland.
A crystal sun... skies of blue,
Waterfalls... sparkle down on you

CHORUS

In Utopia... Utopia ...
A perfect inner world
To play as boys and girls
In Utopia... Utopia ...
Ageless eyes are filled with light.
The darkness now turns bright.
In Utopia...

Verse 2

Gentle streams, and rainbow dreams.
Butterflies, dancing at sunrise.
Unicorns, stand tall with grace
Guide us through, this special place.

CHORUS

In Utopia... Utopia ...
A perfect inner world
To play as boys and girls
In Utopia... Utopia ...
Ageless eyes are filled with light.
The darkness now turns bright.
In Utopia...

Verse 3

Trust in your heart, it's time to start.
Your journey there, will have no cares.
Take the step, walk with pride,
You will find, deep down inside:

CHORUS

In Utopia... Utopia ...
A perfect inner world
To play as boys and girls
In Utopia... Utopia ...
Ageless eyes are filled with light.
The darkness now turns bright.

In Utopia...

Utopia...
